Re: Scientology v. Armstrong
Marin Superior Court Case No. CV 021632

Dear Ms. Minkiewicz:

Thank you.

As you can see, I gave several days of thought to this proposal. In the end I had to choose to file my opposition with whatever documentation, computer and other resources I had because of the possibility that Judge Duryee would deny my motion to extend time, and any opportunity to file my opposition would be practically forever lost.

Caroline Letkeman and I have still not received our belongings that were "interchanged" with "another Armstrong's" shipment and misshipped to New York. We have been in regular e-mail and telephone communication with the shipping companies in Germany and Canada to get to the bottom of the "interchange" and to keep a special eye out for our shipment. We have not been told when our belongings will arrive.

I have sent my opposition papers by Express Mail, but should there be any delay in your getting them or Scientology getting them I will also web the Opposition, Separate Statement and Declaration where I have also webbed other documents from this case.

I hope it is helpful to the Judge to have all these documents online.

My opposition papers will be webbed here tomorrow:
